Herkus Žilaitis

Kaunas, Lietuva | +37063285735 | whisperer.meta@gmail.com

I am a developer with a strong foundation in building efficient, user-centric applications, and I'm eager to bring my problem-solving skills and creativity to a dynamic team.

Experience

2024-present

Freelancer

Delivered various freelance projects on Fiverr, providing high-quality, client-focused services and maintaining strong ratings through consistent communication and reliable results.

Education

2024-present

Kaunas collage of technology

I am currently pursuing a Professional bachelor's degree in software systems at Kaunas College of Technology, focusing on software design, development, and system integration using modern technologies.

2022-2023

Kaunas Information technology school (KITM)

Completed a comprehensive JavaScript programming program at Kaunas Information Technology School (KITM), gaining hands-on experience in web development, modern frameworks, and software project implementation.

Skills

- **HTML** – Deep understanding of semantic structure, modern web standards, and accessibility best practices.
- **CSS** – Strong knowledge of styling, animations, and modern frameworks for creating visually appealing designs.
